

Paul Gullion
Area 7 Alternate

BACKGROUND:

I am a graduate of Santa Clara University (Class of 1972) and Santa Clara University Law School (Class of 1975). I began practicing law in December of 1975 in Salinas, California, and actively maintain my practice to this date. My practice focuses on real estate and business matters.

LIVING IN CAMBRIA:

After living in Salinas for nearly 50 years, my wife Pam and I moved to Cambria in October of 2015. Pam and I chose Cambria after a long search of many locations in the Central Coast area. We enjoy so many aspects of this area, including the community nature of Cambria, and the beautiful scenery found in this locale.

WHY AM I VOLUNTEERING:

During my years as a practicing lawyer I have come to greatly appreciate the valuable and important role that volunteers play in the health and continued vitality of any community. As a relatively new member of this community, I want to work with my neighbors on issues that affect all of us, and for the continued health of this beautiful place.
